

VO & THE ACTOR WORKSHOP

Know Your Voice, Love Your Voice

The Natural Act and Houston's own Stone Studios brings you the 1st Ever: **VO & The ACTOR WORKSHOP**, with Director of MISSISSIPPI MURDER (starring Malcolm McDowell & Luke Goss) airing on HBO January 3rd, Producer, Coach & Actor PRICE HALL, and long-time Houston Music, Marketing & Recording Studio Pro, JOE FLORES. Feel the *hush*, as you step into Stone Studios' recording booth, slip on the headphones and step up to the microphone, your prepared script on the stand in front of you. Hear Joe's voice resonate in your ears: "*We're rolling.*" Then Price, your director and coach, positioned nearby, focused like a hawk on your performance, whispers, "... *whenever you're ready... ACTION!*" If this is an experience you've never had before, it's one you will never forget. Even if you're a seasoned VO pro, this opportunity to work closely with an experienced director and a recording / producing pro will *up your game and your marketability...* as well as provide you with high quality content for your VO Demo. In this Workshop you'll: work in a professional recording studio; work with a pro recording engineer and producer and a pro director and acting coach; work on 2 prepared scenes (per day); receive direction and coaching while you work and incorporate it *in real time*; wind up one week later with a professionally produced demo of your work; have an amazing experience and meet other talented, driven individuals like yourself!

SPACE IS LIMITED TO ENSURE QUALITY TIME WITH EACH PARTICIPANT!!!
