

Hello All!

Hoping everyone is having a great Summer so far. We are loving all of the work coming into Texas - much needed shift no doubt. We are finished up with Plus/Minus and our weekly AWorkingGroup acting classes (we always take summers off) and we are not planning in-person Summer Camps this year - Instead we are planning two zoom classes this Summer for Texas actors. Both classes will focus on self-taped auditions since most auditioning is still not happening in-person - especially for first round. One of the huge upsides is that all markets can participate without having to drive long distances.

Space is extremely limited (10 students per class). FYI - the last time we did these classes it sold out in less than a day due to limited class space. Thank you for getting this info to your actors - we greatly appreciate it. Please let me know if you need the info in any other format.

Toni Brock & Sally Allen

will be teaching Zoom Acting Classes

Adults (18+)

Adult Zoom Acting Class (ages 18+)

This is a two-part series class - must be available for both dates - Please choose a session

Session One: Tuesday, 7/20/21 and Tuesday, 7/27/21 from 6pm-9pm

Session Two: Thursday, 7/22/21 and Thursday, 7/29/21 from 6pm-9pm

Limit 10 students

Cost \$175 (total for both classes)

We will be covering self-taped auditions. Actors will be emailed scripts and instructions for self-taping. Actors will need to put themselves on tape before the first class. We will review the auditions in the first class with notes and coaching on the scenes. Actors will then be asked to re-tape the scenes during the intermittent week applying the notes and coaching from Week 1. During Week 2 auditions will be reviewed a final time with notes. We will also give insight and

tips into perfecting your self taping game. We strongly believe self taping is important now that our industry has opened back up - so, be ready and get on your A game!
