Here is what a few former attendees have said:

"Thank you so much for taking the time out of your busy schedule to teach a super awesome audition workshop. I definitely learned some good information, including the formula for how to answer an "interview" style question and I actually loved the tip on how to hold a cell phone - I literally had a print ad commercial last week where we were supposed to be texting and I wish I had that information beforehand!" - Emily

"Your class was the best I have ever taken. You were organized, succinct and informative. I learned so much in the time you gave us yesterday. You truly gave detailed insights to help me work on my audition technique. The

opportunity to be on camera in the different scenarios was so beneficial." - Kristin

"Thank you again for the wonderful workshop and advice you provided after the workshop on helping calm my nerves. This information is going to be so helpful as I build my acting career." - John

"Kina - thanks so much for hosting the workshop on Saturday. It's the first class I have taken since starting to transition from stage work to camera work and it was great to get a sense of where I need to improve. I appreciate the valuable feedback. Thanks again." - Todd

"Thank you Kina! That workshop was literally amazing! I learned so much and am so excited to practice and apply everything I learned! Have a great rest of your weekend! Look forward to seeing you in the future!"

"I just want to thank you again for the wonderful workshop session. I mentioned to you that I have attended a number over the past year and yours definitely contained more opportunities to be in front of the camera but also, all of the many "nuggets" you shared were amazing." - Al

"Thank you so much for your awesome workshop. I thought it was really fantastic. You are hilarious...so entertaining. Everyone had a great amount of on-camera time, and I especially loved how you took the time to make every person feel special, no matter the level of talent. I passed on my very favorable review to my agents and told them I'd recommend your workshop to everyone." - Leslie

"Thank you so much for everything last night. You really put a lot into your teaching. It was wonderful. Commercials are a different animal than film. But I love the energy. I would like to come to another one of your classes in the future. So great!!!" - Monique

"John really enjoyed your workshop on Saturday, he has been so excited ever since, and really looking forward to getting an agent. Thanks for your feedback and the awesome workshop." - Colleen

"This was my son's very first workshop/acting class of any kind. He SO enjoyed it. My husband and I also benefited greatly from your lecture and extra time at the end of the class. Thank you for making him feel so comfortable as I realize this will not always be the case, but this was an incredible first experience for him." - Stacey
