## The Outsider

In the midst of a political scandal, Ned Newley is unexpectedly thrust into the position of Governor. A complete unknown, with no political instincts, Ned seems destined to fail. But his political consultants see things a little differently: Ned might be the worst candidate to ever run for office—unless that is exactly what the public is looking for!

*If you are looking for a fun excursion for your residents,  
I'll be performing in this hilarious political satire.  
I play Arthur Vance, the political "kingmaker"  
who takes Ned Newley under his wing.  
It's a short run, so don't delay! Come see us...*
